

MODEL 812H

GRAVITY SLUSH & FROZEN BEVERAGE FREEZER

FEATURES

This extreme capacity freezer delivers frozen beverages quickly with minimal labor; helping operators save on labor costs while ensuring consistent quality in every pour.

High Capacity Hopper

Ensures fast, consistent dispensing of frozen beverages, maximizing output and minimizing downtime for high-volume operations.

Torque Control Technology

Maintains consistency & product texture.

Easy to Operate and Clean

Designed for reliability, minimizing downtime and maintenance.

Long Lasting Scraper Blades

Our durable scraper blades minimize replacements while ensuring a smooth, consistent texture for high-quality frozen treats.

Innovative Auger Technology

Gently blends to preserve texture, consistency, and quality.

Serve by the Drink or Pitcher

Dispense individual drinks or large pitchers with speed and precision; ensuring seamless service during peak hours.

Mix Level Indicator

A built-in flashing alert system notifies operators when it's time to add mix to help maintain consistent product quality and efficient workflow.

Flavor Rack

Holds 5 bottles to provide flavor options while running a neutral or core base.

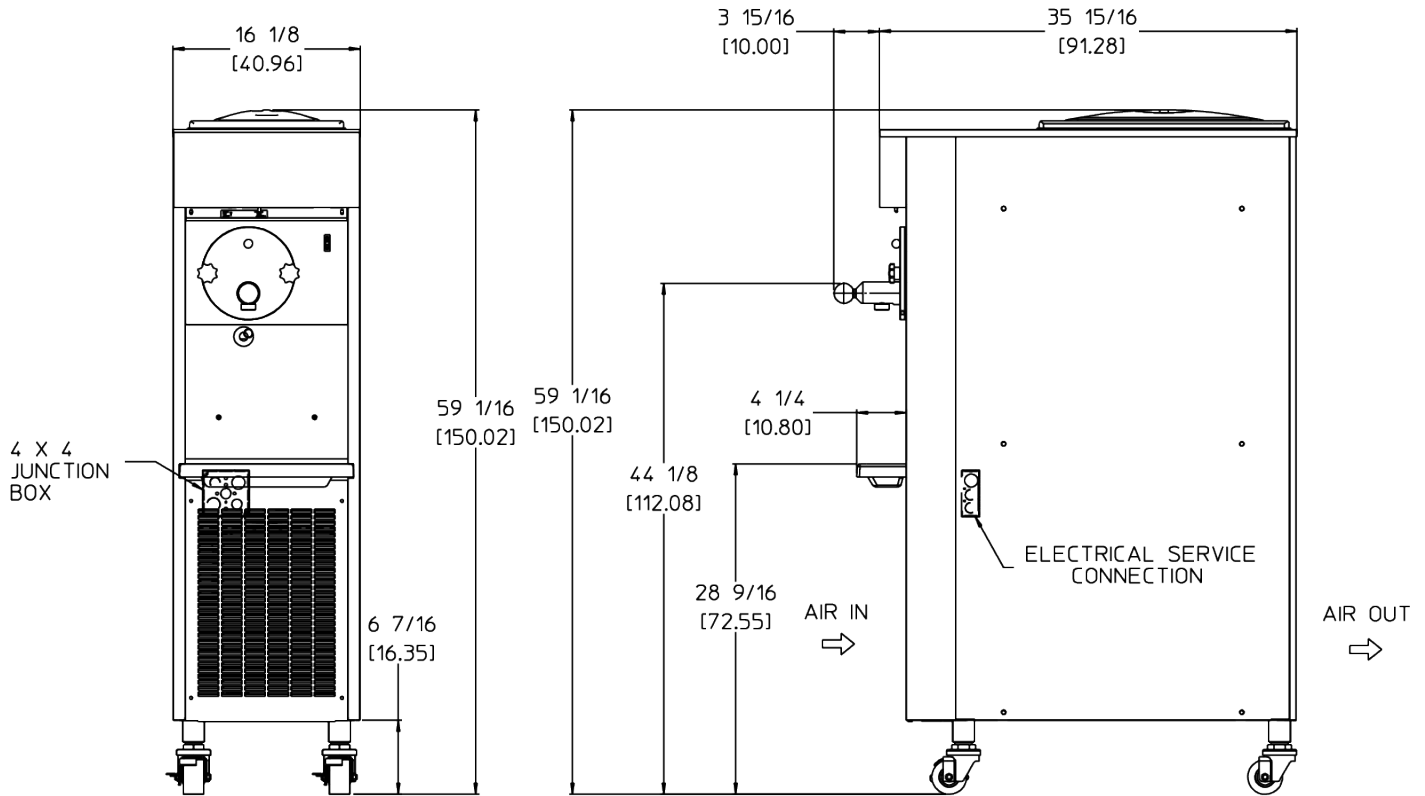

PERFECT FOR

- High Traffic Venues
- Quick Service Restaurants
- Resorts
- Bars
